

## Woods Waste Ltd Environmental Policy

The management and staff of Woods Waste Ltd are committed to the goals of caring for the environment and the prevention of pollution from its activities. Woods Waste Ltd will observe the requirements set out by the Environment Agency with regards to its operations and ensure that all its activities are carried out in conformance with the relevant environmental legislation. We will work closely with all appropriate external authorities to meet all regulatory and legislative requirements.

### Our Objectives

Woods Waste Ltd is committed to improving its environmental performance. And has set out its environmental objectives as follows

We will aim to:

- Adopt the highest environmental standards in all areas of operation, meeting and exceeding all relevant legislative requirements.
- Assess our organisational activities and identify areas where we can minimise impacts.
- Minimise waste through careful and efficient use of all materials and energy.
- Work with the local community to ensure our operations
- Train employees in good environmental practice for our operations
- Reduce risks from environmental, health or safety hazards for employees, customers and others on and around site.
- New investments in plant and operations will incorporate the best environmental techniques that are commercially viable.
- Continually assess the environmental impact of all our operations.

Woods Waste Ltd has developed procedures for meeting our objectives that are set out in our Environmental Management System. This Policy and the obligations and responsibilities required by the Environmental Permit will be communicated to all employees. This policy is publicly available to interested parties on request.

Signed.....

A handwritten signature in black ink, appearing to read "Haynes Foster", is written over the dotted line of the signature line.
